PRESERVING AND BEAUTIFYING THE COMPLEXION.

The California discovery, CAMELLINE has, wherever known, rapidly superseded warms, "Blooms" and Powders, for the reason that in place of the unnatural activation, it impures to the complexion that youthful and glowing appearance so much and admired; and, unlike them, when peoperly used, the closest inspection fails to reveal aparting; yet all traces of sell-wises and other cutaneous effects are removed, and the miss that softness and purity of color so rarely possessed by admire, but so valued by every as a quickly missed by observery of sterner mind, then evidence of the increasing intelligence of the times, that the popularity of CAMELISM is not the solicity to its elegance and efficiency, but in part to the fact that it is the only then evidence of the increasing intelligence of the times, that the popularity of CAMELISM for the complexion which is harmesse, and commands scientific approval from physicians. It has generally known that cosmetics usually contain lead, mercury and other poisons, asset at its time complexion, while the medical journals report many serious and several fatal cases of poisoning the mercury. No lady, therefore, can safely continue the use of any cosmetic without the could be medical journals report many serious and several fatal cases of poisoning the medical processing; we therefore publish the following certificate from a large number of processing physicians:

he advanced physicians of San Francisco are familiar with the composition of the principles and the complexion, and certify that CAMELLINE is harmless and free from all
